To Whom It May Concern:

I am writing this letter in support of Douglas Mitchell, Esq.'s bid to gain tax exempt status for the World Culture Club (WCC).

We at Apostolic Bethlehem Ministries whole heartedly support WCC's mission of celebrating the diversity of the world's cultures. We are making our support tangible by offering our church premises to WCC rent free. WCC can use our premises as their headquarters and host events on our premises without paying the church any compensation.

We feel that the mission of uniting diverse people by helping them understand different mores and folkways is becoming more important day by day. We are a church that promotes peaceful co-existence and WCC's mission is one that we wish to support by opening our premises to them.

Sincerely,

Pastor Steven Shaw
